WISHING YOU A BEARY
Happy Birthday

This card was designed, printed, and made by hand in Seattle, WA, USA. The paper
is made from 100% tree free cotton fibers and was printed with water based inks.
It contains our NorthAmerican annual and perennial wildflower seed blend
snapdragon, petunia, mint, chamomile, poppy, and bearsbreech.
Our facility runs on hydro power and produces almost zero waste.
Plant in your garden or start it in a pot but ensure the seeds have daily
watering or 4-6 weeks. The dirt should be lightly down and the seeds
should not be more than 1/4 inch deep. Water when and after
4 hours of sunlight will touch the planting each day.

Plant me!
These handmade items are from paper formed one sheet at a time in Seattle. They are made with 100% post industrial waste and are 100% tree free, acid free fiber. Embedded in this sheet is our unique North American Wildflower seed blend. The seeds include Snapdragon, Petunia, Beardtongue, Daisy, Thyme, Poppy, Catchfly, Maiden Pinks, & Chamomile.
Plant directly into the soil in a pot or in your garden. The dirt should be firmed down after sowing and the seeds should not be more than 1/8 inch deep. Keep moist for 4-6 weeks and ensure 4 hours of sunlight each day in order to germinate properly. The plants may grow as tall as three feet.
